Client

Sapinda

Project

Level 5, 23 Savile Row, London. W1

Value

£90,000-00

Duration

7 Weeks

Description

As a bolt on project after the successful completion of a major luxury Cat A/B fit out carried out by Sale Group on level 6 for Sapinda. This was a fit out of an additional half a floor for the client including validations, relocation of fan coil units and additional units, extending pipework and ductwork to suit the new cellular layout and commission on completion for the Client.

Key Features

Working to a tight phased programme to meet with the Client's requirements for relocating staff to areas as the phases progressed.

Client Comments

"Justin Charlton is a very knowledgeable, helpful, dependable and committed Project Manager for Sale Group. His competence and positive "can-do and get things done" attitude, plus good communication with clients and subcontractors makes people feel confident in Sale Group. My colleagues and I think very highly of him. Justin will have a good future in his field as he is a good all-rounder in mechanical trades and also knowledgeable of other trades as well. I believe Justin is a real asset to your company."
